

International conference:

**BIOCHEMICAL
ENGINEERING &
BIOTECHNOLOGY**
For Young Scientists

TwinPrebioEnz

In Belgrade, 20.12.2023.

Ana B. Todorović
University of Belgrade
Faculty of Agriculture
Nemanjina 6
11000 Belgrade
Serbia

On behalf of organizing committee, we would like to confirm that Abstract entitled „Plasmolyzed yeast cells as a potential wall material for probiotic bacteria” co-authored by Ana B. Todorović, Nikola D. Bajčetić, Jovana R. Bundalo, Steva M. Lević, Milica M. Mirković, Viktor A. Nedović was accepted and presented in form of poster presentation at International Conference on Biochemical Engineering and Biotechnology for Young Scientists – ICBEB-YS that was held in Belgrade from 7-8. December 2023. The abovementioned abstract was mistakenly omitted from the book of abstracts by the publisher, however, all information about the Abstract and co-authors can be found at our official Conference web page (<https://icbeb-ys.com/papers-abstracts/>).

Sincerely,

Prof. Dr. Dejan Bezbradica
TwinPrebioEnz project coordinator

Dr. Milica Simović
Chair of ICBEB-YS Committee

The project is funded by the European Union Framework Program for Research and Innovation Horizon Europe (contract no. 101060130)
